

HEALTH TOURISM CLUSTER
ZAGORJE
HEALTH AT HAND

Zagorje

Due to its diverse attractions and places of interest, Hrvatsko zagorje is becoming a popular destination for tourist from Croatia and the world. Apart from the historical heritage and natural beauty, there are numerous health resources in Zagorje, such as medicinal thermal waters, which have favoured the development of health tourism, one of the fastest growing economic sectors in Croatia. It is this fact that encouraged health and tourism professionals to establish the cluster “Zagorje – Health in the palm of your hand” with the aim to improve the offer and create a distinctive and competitive health tourism product through joint efforts, knowledge and skills.

Special Hospital for Medical Rehabilitation Krapinske Toplice

Special Hospital for Medical Rehabilitation Krapinske Toplice is a health institution with a long-standing tradition in dealing with physical medicine and rehabilitation. The hospital specialises in medical rehabilitation, diagnostics and treatment of neurological, cardiovascular, orthopaedic trauma, rheumatic and endocrine conditions in adult and paediatric patients. The hospital provides high quality medical services through the application of modern diagnostic and therapeutic procedures and methods of treatment, and through the administration of therapeutic agents – medicinal thermal mineral water with temperatures between 39 and 41°C, containing calcium, magnesium and hydro-carbonate, and medicinal mud – fango.

Special Hospital for Medical Rehabilitation Stubičke Toplice

At the foot of the northern slopes of Medvednica, in the gentle valley of Hrvatsko zagorje, at the thermal springs and in an area of mild climate, Stubičke Toplice have developed into a prominent healthcare and rehabilitation centre. The natural healing agent of Stubičke Toplice is thermal water at temperatures of up to 69°C at the source. The hospital is the holder of the international certificate of excellence in physical medicine and rehabilitation issued by the German Temos, which guarantees quality of healthcare services. Indications for treatment in our institution are consequences and polytrauma conditions after surgical and reconstructive procedures on the locomotor system, conditions after neurosurgical procedures, inflammatory rheumatic diseases, rheumatoid arthritis and ankylosing spondylitis, as well conditions after surgical procedures and sports injuries.

Magdalena Clinic
Krapinske Toplice

Magdalena Clinic provides all patients with unique and comprehensive cardiovascular care, from establishing medical history and diagnosis until the final medical solution through conservative or invasive treatment of cardiac conditions and, if necessary, surgery. The focus of our interest are patients and their needs. This leads us to achieving the highest professional and scientific standards and constant improvement in the quality of healthcare services. Magdalena Clinic is also the location of the first telecardiology centre in Croatia, which allows for outpatient diagnostics and monitoring of an even greater number of cardiac patients.

Bluesun Hotel Kaj
Marija Bistrica

If your plan is to explore Hrvatsko zagorje, Bluesun Hotel Kaj is an excellent choice. One of its greatest advantages is its location in Marija Bistrica, the most famous pilgrimage site in Croatia, but also a place known for its many places of interest. Every corner of Hrvatsko zagorje is within easy reach from Marija Bistrica. When you get tired, visit the wellness and spa oasis inside the hotel to quickly restore your strength and prepare yourself for a new day. At the Academia Restaurant, you can try the traditional Zagorje cuisine prepared in an innovative way.

Hotel Terme Jezerčica
Donja Stubica

Hotel Terme Jezerčica in Donja Stubica is located in the heart of Croatian Zagorje, at the spring of natural healing thermal water. Our slogan “So close, yet far enough” is an excellent description of what you can expect in these increasingly popular thermal baths. In addition to wellness and gastronomy, and the eight swimming pools, you will find many attractive reasons for an active holiday in Jezerčica. The surrounding areas have several interesting locations worth visiting, including the Peasants Revolt Museum and the Krapina Neanderthal Museum. The accommodation units are elegantly decorated and have everything you need for maximum relaxation. The only thing missing is you.

Aquae Vivae Krapinske Toplice

The Aquae Vivae Water Park covers a total of 18,000 square metres on two floors and offers 6 swimming pools with a capacity of 1200 persons. Beside the outdoor pool in the central bathing area, there are also five indoor pools: swimming pool, wave pool (the only indoor wave pool in Croatia), and a recreational pool extending partially onto the outdoor bathing area. There is also a 60-m-long slide in the indoor area. The water park has a diving pool 4.5 metres deep, which is currently the only one of its kind in thermal bathing resorts. Under the guidance of internationally licensed instructors for all diving categories, you can experience a dive at a depth of 4.5 m with full scuba equipment or attend a diving course for independent divers in open waters up to 18 m deep.
